Professional Summary

Highly motivated IT student and web developer with experience in Java, JavaScript, C, and MongoDB.

Currently pursuing 11th grade at Daanish School Mianwali Boys, with a passion for software engineering

and a proven ability to build responsive web applications. Seeking opportunities to apply my programming

skills in real-world projects.

Skills

- Programming Languages: Java, JavaScript, C

- Web Development: HTML, CSS, Node.js, MongoDB

- Tools & Platforms: Git & GitHub, VS Code, Kali Linux

Education

Daanish School Mianwali Boys | 11th Grade (Intermediate)

Expected Graduation: [Month, Year for 12th grade completion]

Achievements:

- School Position Holder

- Active participant in speeches, debates, and plays

Professional Experience

Freelance Web Developer | Fiverr (Month, Year - Present)

- Developed responsive websites for clients using HTML, CSS, JavaScript, and Node.js.

- Collaborated with clients to design websites and troubleshoot technical issues.

- Managed projects independently, ensuring on-time delivery and client satisfaction.

Example Projects:

- Portfolio Website: Created a personal portfolio to showcase web development skills.

- E-Commerce Website: Built a fully functional e-commerce website using MongoDB for database management.

Certifications

- Certificate in Java Development (if applicable)

- Web Development Bootcamp Completion

- Ethical Hacking (related to Kali Linux, if applicable)

Extracurricular Activities & Leadership

Position Holder, Daanish School

- Led various student activities, including school events, debates, and programming workshops.

Debates & Public Speaking

- Actively participated in school debates and public speaking competitions, honing communication skills essential for client interaction.
